NICC prepares for spring

by LEE ANN MACKULIN

It's spring...when the Chain O' Lakes area thrives on sun, fun and fishing. The Illinois Dept. of Conservation's Fish and Wildlife Division, with the help of the Northern Illinois Conservation Club (NICC), have been, for a few weeks now, 'processing' some 450 fish preparing to stock the Chain.

"We've been trying to help our own area by generating money that the department can't seem to get out of their budget," said Chuck Kempf who was recently elected to the Chain O' Lakes-Fox River Water Management Agency.

The NICC purchased a scale press, which they presented to the department at the NICC-885 Civic Club Third Annual Recognition Dinner April 18, to enable them to determine age and growth rate of fish and also donated tags to help with a creel study.

This study involves actively checking fish caught from the lakes to determine size, quantity of different species and other information.

"It's (the chain) an under-rated body of water. People don't realize the quality of fishing offered here. We're happy to see things turning around," said Kempf.

"As soon as we get the fish population up to a certain point the fishing is going to be so good in the Chain O' Lakes, people are not going to have to bother driving up north (to Canada)," he said.

The process at the Spring Grove Hatchery is overseen by the District Biologist Joe Ferencak who works directly under Regional Fish and Wildlife Manager for the Illinois Dept. of Conservation, Jim Langbein.

Ripe, female Walleye are stripped, mixing the spawn with the mill from ripe male fish. The two are mixed in a bowl to insure fertilization.

Next, a solution which prevents the eggs from sticking, Diatomaceous Earth, is added to the eggs, eliminating clumping. The eggs are then soaked with water to wash off excess solution.

The bowls containing the eggs are left to float on the water, considered the 'hardening off process'. While the eggs are hardening, they absorb water and increasing in size.

The eggs are then taken from the bowls and put in receptacles where they endure an 18-20 day hatching period at 52 degrees. Over 18 million eggs were processed this year.

As the fry (recently hatched fish) develop they swim to the surface into a rearing tank.

From here they're placed in rearing ponds until they become an-acceptable size to distribute in the lakes.

The chain will "be stocked this year and not suffer from problems experienced in other parts of the state," said Robert Williamson, head of Propagation, Division Fish and Wildlife Resources at the recognition dinner.

"It seems like every year our field biologist asks for more and more fish," he said.

"We're greatly expanding in both number and species. There is a request for another \$100,000 for the hatching budget in FY86," said Williamson.

The Fox Chain will see 6.5 million walleye, 13,000 northern pike and 6,500 muskie.

"We've seen some really beautiful fish come out of these areas. Records are out there to be broken," he said.

The NICC is offering current fishing reports and activities for the Chain O' Lakes by calling 395-NICC.

Village accepts annexation proposal

by LEE ANN MACKULIN

The Antioch Village Board accepted a proposal to pass an ordinance that will annex property surrounding the village limits, making them part of the village, at a meeting April 16.

The board reached the decision after a committee met and discussed problems and benefits of annexing into the village.

Problems seen by targets of the annex attending the board meeting, were various zoning changes, (i.e. from suburban residential to highway commercial); hooking up to a water main if a septic problem should occur; the opening of Zelinger Lane and an inevitable tax increase.

One particular resident proposed that the board put into effect a restriction from the opening of Zelinger Lane for a period of several (25-30) years. Mayor Raymond Toft, as well as other board members, expressed no desire to open the Lane but felt it was wrong to restrict future boards from doing as they wished.

Many residents expressed the desire to be "left alone" feeling the annexation was unnecessary.

"We want to have a clean map," said Village Clerk Marilyn Sterbenz.

"For years now the board has talked about annexing all property surrounding the village," she said.

"These people will be getting the village services they've always gotten only now

they'll be paying for them," said Sterbenz.

Considering all of the papers are in order, the ordinance will go into effect May 6, she said.

In other village business, bids were accepted for the cleaning of the village digester and the installing of an Oakwood Knolls Sewer.

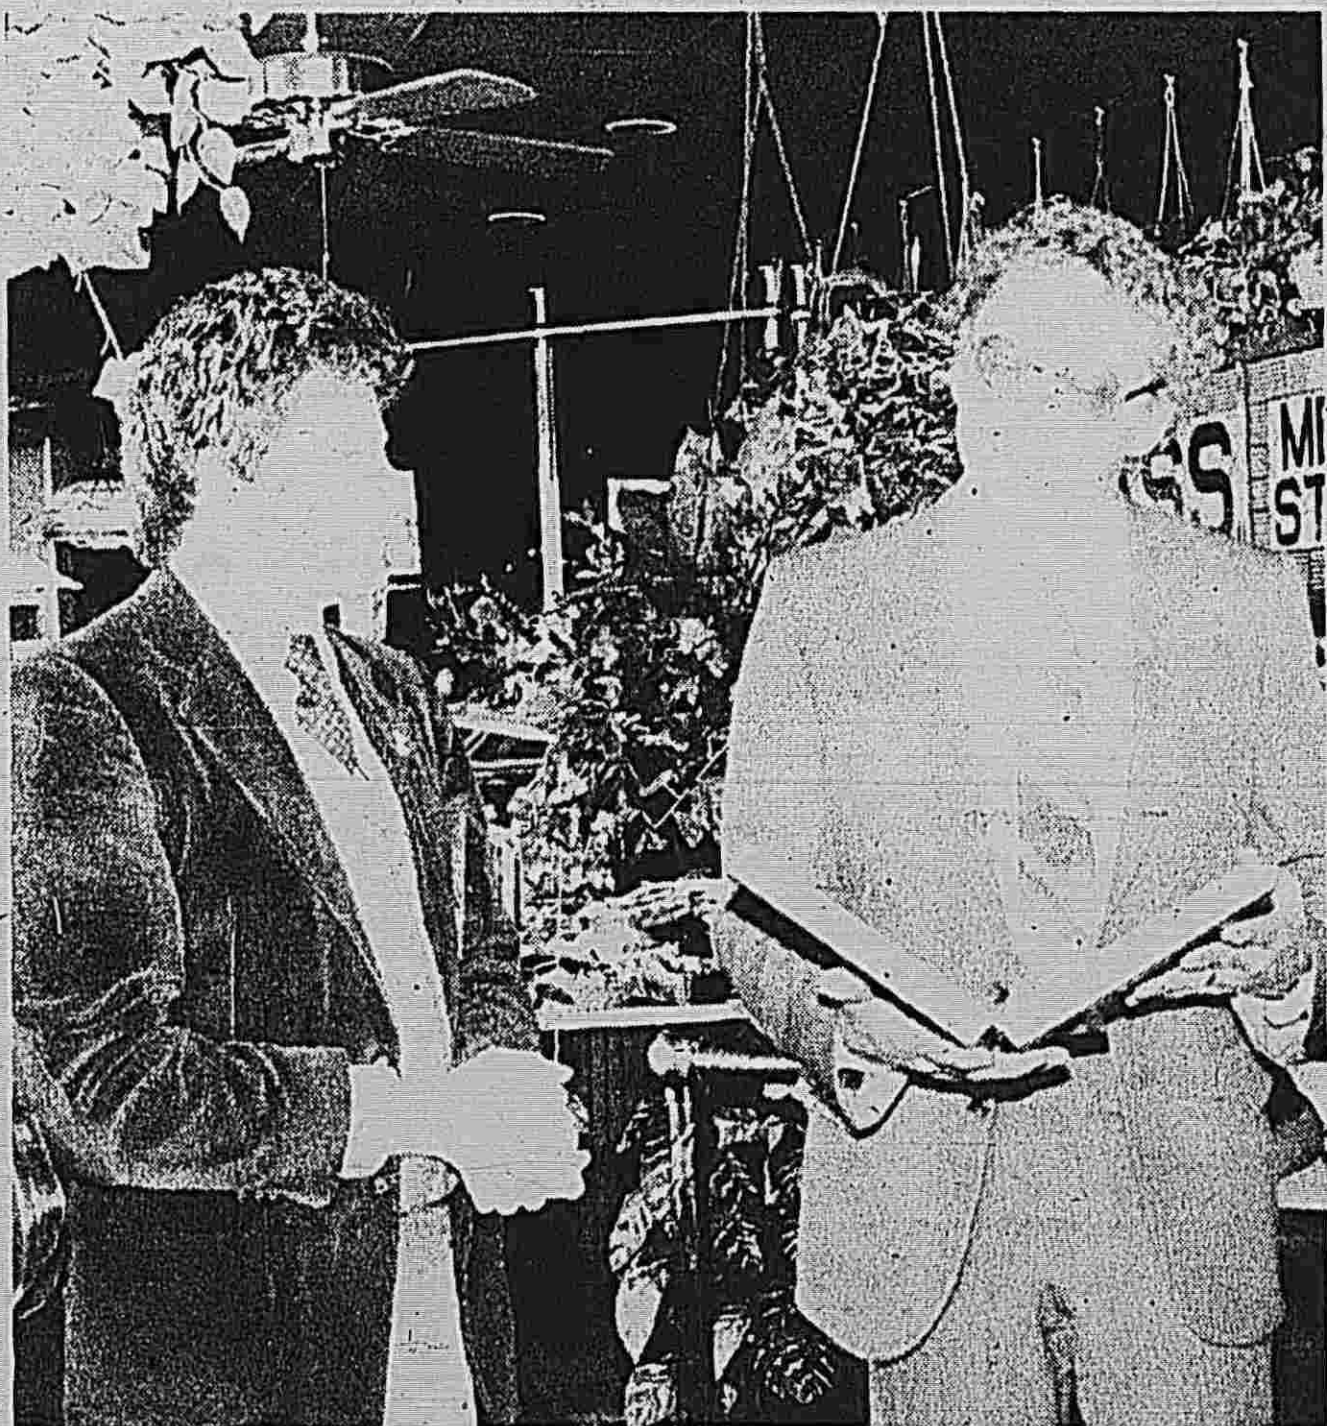

Sewer system bids were taken by Ingram Construction Co, with a total bid price of \$88,000; Schneider of Lake Villa, with a total bid price of \$74,811.25; Wadsworth Excavating, with a total bid price of \$94,565 and Gustafson, with a total bid price of \$116,643.50. The bids are being evaluated by the board.

Lottery profits sponsored

All profits from the Illinois State Lottery would go for education under a bill cosponsored by Jack Schaffer (R-Crystal Lake).

"Most people thought that the lottery was started for the express purpose of helping to pay for education and I want to make sure that the net proceeds do go for that purpose," Schaffer said. At present, lottery money is paid into the state's General Revenue Fund and money budgeted for schools is doled out of that fund.

"SB 305 would make it possible for the Common School Fund to get not only monthly transfers of Lottery profits but also interest earned on the money," Schaffer said.

"People in our district who participate in the lottery have told me they want to be sure the money they spend for tickets each week should go to benefit Illinois schools. This legislation would provide that assurance," Schaffer said.

On your mark, get set...fish

by LEE ANN MACKULIN

The Northern Illinois Conservation Club (NICC) is getting ready to kick-off the 1985 Chain O' Lakes Summer Fishing Derby set to begin May 11 at 12:01 a.m.

The NICC and the 885-Civic Club took a night to recognize past achievements as well as look ahead to this year's events at their Third Annual Recognition Dinner April 18 at the Country House.

Many people were honored, and awarded. Norm Rockow, the new NICC President and Ray Edwards the new 885-Civic Club President, were welcomed in and congratulated. Scott Brooks received a Conservation Scholarship to the University of Wisconsin (presented him by Bill Brooks of the State Bank) and Dale Altergot was given his prize-winning fish from last year's derby stuffed and mounted, compliments of Bob's Taxidermy.

Robert Williamson, head of propagation, division of fish and wildlife resources was the guest speaker.

"We've seen some really beautiful fish come out of these areas. Records are out there to be broken," said Williamson.

"This year's derby will be bigger and better than last year," said Will Gers, publicity director.

The fish have been tagged (over 500) and are waiting to be caught. "We'll honor all tagged fish released in previous years plus newly tagged ones," said Gers.

Sponsors for the prize-winning tagged fish are Old Style-Old Style Lite (donating a \$10,000 fish), Stroh's Brewing Co. (a \$5,000 fish), Coca Cola Bottling Co. of Chicago (a \$10,000 and \$5,000 fish), Budweiser (a \$25,000 fish), The State Bank of Antioch, Grant Township, Vault Restaurant, Diemer Plumbing, heating, Major Industrial Truck, Modern Home Products, and Lakes Region Roofing all donating \$2,000 fish and Mincola

Marine, Inc., Hill Top Restaurant, Korpan's Landing, Rebuilders Inc., Grant Township, Maginol Funeral Home, Limerick Lounge, Neptune's Cove, Kirkpatrick and Dahl, Pabst Muskie Team, National Athletic Club, Lasco's Florist, Patches and Quick Set, N.A.C. Rod and Gun Club, Fox Trucking, Inland Harbor Marina, Y-Not Inn, 911 Lounge and Tiffany Real Estate all donating \$1,000 fish.

The tagged fish will be released in ten area lakes. All participants in the derby must have an Illinois fishing license if 16 years of age or older. A registration button must be purchased for \$3 from any claiming or registration station.

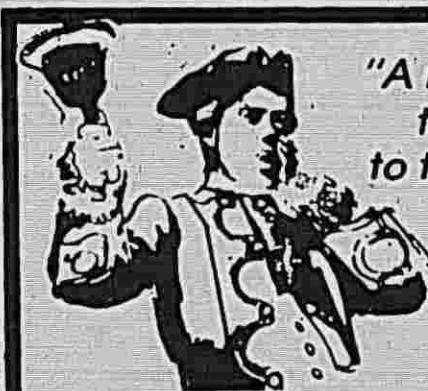

Upon catching a tagged fish, entrants must present the live fish, tag intact, proof of registration and valid fishing license to a

claiming station to receive a verification voucher from a summer fishing derby representative. Once the fish is verified it becomes the property of the Chain O' Lakes Derby Committee.

The voucher is then presented to the sponsor to receive the prize. Sportsmen's honor system and all State of Illinois fishing rules and regulations apply.

A drawing will be held at next year's ice fishing derby for all tagged fish turned in on, before or after this year's summer derby. Prizes will be \$300, \$200 and \$100 in cash.

For more information on the derby and for the location of the claiming and registration stations call Kempf's Resort at (312) 395-2484 and for year-around information on Chain O' Lakes area activities call (312) 395-NICC.

ENJOYING—Robert Lidblad, Antioch Community High School board president, Garnet Carney, Antioch Elementary School Board President and Warren Polley, Antioch Community High School Superintendent enjoy each others company at the annual Elementary-High School Board of Education-Administration Dinner Meeting April 10 at ACHS. The guests enjoyed dinner and music by the ACHS Jazz Ensemble and Show Choir.

ACHS Rehearses Musical

The Music Man, by Meredith Wilson, is one of the happiest musicals ever written. It is made of a long list of singable, hummable tunes such as "76 Trombones", "My White Knight", "Shipooopi", "A Sadder But Wiser Girl For Me", "Pick-a-little, Talk-a-little", and some of the greatest barbershop quartet arrangements of old standards ever created for the stage such as "Like a Rose",

"Good Night Ladies" and "It's You".

The Antioch Community High Schools production of this classic will star Dave Ropa as Harold Hill, the music man; Wendy Fabry as Marian Paroo, the librarian in the little Iowa Town of River City; Phil Fabry as Marcellus, a former partner of Prof Hill and Peter Ott, Dennis Tracy, Brenda Hanrigan and Mike Ocweija as the members of the school

board who are mesmerized into a group of barbershop singers by the erstwhile salesman.

The show will have three performances only; April 26 and 27 at 8 p.m. and April 28 at 7:30 p.m.

Tickets are available from members of the cast and will be available at the door. Adult tickets are \$4 and student and senior citizens tickets are \$2.

Polley reception planned

The Antioch Community High School Board of Education approved the appointment of Assistant Principal Peter Pekkarinen to the newly formed position of Pupil Personnel Services Director at the board meeting April 18.

The position combines the administrative duties of the Curriculum Director and Guidance Director.

Board President Robert Lindblad reported that plans are being finalized for a retirement reception to honor Superintendent Warren Polley on May 19 from 2 to 4 p.m. The event will be held in the ACHS commons and is open to the public.

Regional Superintendent of Schools William Thompson was present at the meeting to discuss the pending change in responsibility for the Allendale Alternative School contract. Antioch Community High School will become the administrative agent on July 1, 1985.

The board approved the application for the following programs: Department of Adult, Vocational and Technical Education, a

quality assistance program; Gifted Education for 1986 and Public Law 94-142 for 1986.

Upon the recommendation of Supt. Polley, the board approved the closing date of the school year as June 4, subject to no need for additional emergency closing days.

A proposal, by Principal Arthur Blecke, to share in the cost of the resurfacing of the Jensen Park Tennis Courts with the Village of Antioch, was approved. The village board had previously agreed to this arrangement. These courts are used by both the boys and girls high school teams.

Bleckle also announced the reception of accreditation from the North Central Assn. for the 51st consecutive year and the appointment of Athletic Director Ward Lea, to the Illinois High School Assn. Wrestling Advisory Commission for a three-year term.

Finally, the board approved the request of the Lindenhurst Soccer League for use of Polley Fields on Saturdays and Sundays beginning April 27 and running through October 26.

SCHOOL TALK—Richard Hogan, Superintendent Grass Lake Elementary School, left, Charles Foster, board member Antioch Community High School, Gary Allen, Assistant Superintendent Antioch Community High School, Arthur Blecke, Principal Antioch Community High School and Mary Beth Walsh, board secretary Grass Lake Elementary School discuss issues of the past year at the annual Elementary-High School Board of Education-Administration Dinner Meeting April 10 at ACHS.

Antioch Parks meets

The Antioch Parks and Recreation Commission met at the Antioch Village Hall at 7:05 p.m. April 17 with Chairman Pro Tem Gordon Volling calling the meeting to order. Members present were Volling, Doyle, Ozga and Glenn. Trustee Barnstable and Director Tomaschik were also present along with Joan Ivy and Donna Ryan who are Co-Presidents of the Swim Team Parents.

Ivy and Ryan submitted Frank Bessette as Swim Team Coach for the 1985 Season. They also submitted the swim team schedule and \$700 for the Antioch Aqua Center. The Invitational Meet has been changed from the Chicken Bar BQ to the Art Fair, which is July 14. The State Bank of Antioch will still sponsor the team. Glenn made a motion to accept the schedule and Ozga

second, all were in favor.

Ozga made the motion to accept Dan's Vending for the Aqua Center Concession stand upon Village Attorney approval with the contract. Glenn second and all were in favor.

Volling reported the lower electric rates from Commonwealth Edison were due to lower consumption by participants. Also Com-

monwealth Edison has not yet plugged in their factors. By next year we will see a big increase in the electric bills. Glenn reported Little League will also be replacing lights that are out and possibly we will see a slight increase with the replacements.

The meeting adjourned at 8:50 p.m.

State Bank appoints

On behalf of the board of directors of the State Bank of Antioch, William E. Brook, board chairman, has announced the appointment of Randolph S. Miles as bank president, Edwin S. Miles, board vice chairman and executive vice president, William J. Maingotti as director.

Chairman Brook also announced the formal resignation of director, Edmond R. Strang, formerly of Strang's Funeral Home, now retired.

Speaking of Strang's twenty-year board membership, Brook stated, "Ed has served the bank and the community long and well and we are pleased that he will be our first board member to hold the position of Director Emeritus."

As majority shareholders of Antioch Holding Company, Randy Miles and his father, Edwin, pledge their efforts to maintain the State Bank's long-standing position of leadership in Antioch and western Lake County.

Bill Brook expressed his personal confidence that the new interest in the bank, headed by the Miles', will carry on the strong tradition of community service that the bank has always provided.

"Our industry is changing rapidly, as are many others," said Brook, "and our new management provides the highly skilled background needed to keep pace with technological advancements vital to our operation."

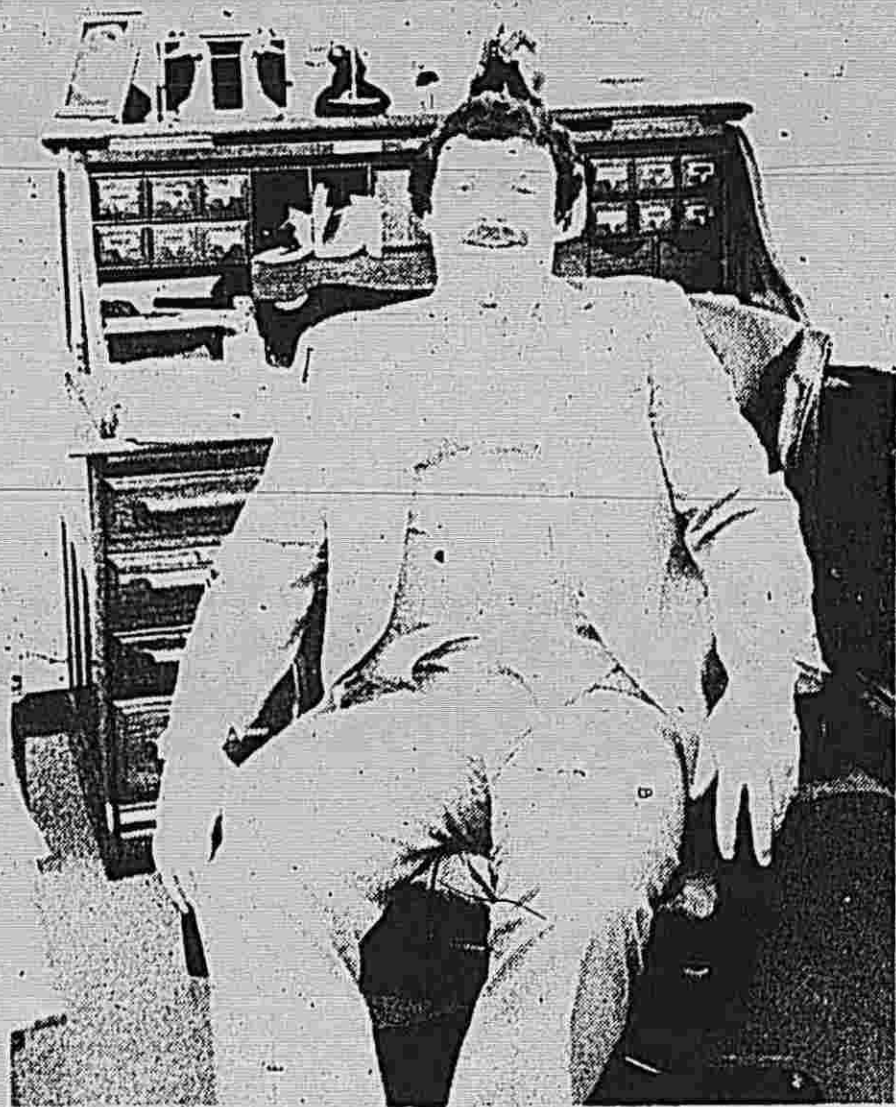

With respect to area growth, Brook emphasized, "In my view, the future has never looked better for the Lakes Region, in general, and the business sector, in particular, with a steady influx of new residents, businesses and manufacturers."

At the recent annual shareholders' meeting, bank management reported a record \$1.7 million in IRA deposits attributed to the consumer's growing concern for supplemental retirement funds and the possible tax benefits of contributing to an Individual Retirement account.

"Many of our customers have been depositing to an IRA account for several years," said President Miles, "and they have switched their growing deposits into our Mutual Fund Package or the Self-Directed IRA through our trust department, with even greater earning potential."

Miles also reports very favorable response to a new equity-based personal line of credit and a fully-integrated personal financial planning service, two new product offerings within recent months. Installation of a third Cash Station network automatic teller unit in one bank-drive-up lane is scheduled for mid-year.

Commenting on his family's involvement with the State Bank of Antioch, Randy Miles is pleased with the move from Savannah, Illinois to Antioch and is particularly impressed with the community spirit, quality of the schools and the enthusiasm of local

businesspeople.

"I am personally grateful," said Miles, "for the opportunity to live and work in a progressive and challenging area such as Antioch and surrounding communities."

"Bill Brook's support and confidence in this transition period, compiled with a fine staff of officers and employees, gives me the assurance that the coming years will be exciting and rewarding."

The older it gets, the wiser it gets.

Before you consider buying that cozy new house you saw yesterday, before you decide to rent that terrific new apartment you looked at today, think about tomorrow.

Think about the cost of keeping a home cool all summer long, or toasty warm, night after icy winter night. Not to mention the cost of heating up dinners or running the refrigerator or even the dishwasher, month after month.

It can all add up to more than you bargained for. Unless the home you choose is an Energy Wise Home. One with energy savings built right in. It's the one way to be sure your new home was constructed by a builder of energy efficient homes. Homes with double-pane windows, ceilings and walls insulated to a high R-rating and exterior openings that are carefully caulked and weather-stripped—all to minimize heating and cooling requirements.

Energy Wise Homes have high-efficiency electric appliances and electric heating you can control room by room, or an electric heat pump that produces at least 75% more energy (heat) than the energy (electricity) it uses.

It all adds up to this. Year after year, an Energy Wise Home offers you considerable savings.

So if you're planning to move, make a wise move. Make it an Energy Wise Home. You'll feel all the wiser for it tomorrow.

Lottery sales increase total revenue sales

The record of \$912 million in Illinois State Lottery sales set in all of Fiscal Year 1984 has been broken in just the first nine months of the current spending year, Gov. James R. Thompson said.

In the first three quarters of FY 85, which covers July 1, 1984 to March 31, 1985, the governor said lottery sales reached \$917 million, a 40 percent increase over the same period last year. The lottery's contribution to the State General Revenue Fund (GRF) has already reached \$390 million, compared to \$358 million for all of FY 84.

"These new figures indicate that the lottery is growing according to our expectations and will allow us to not only provide entertainment for millions of people but also provide services for school children, the elderly, the disabled and others who need state help," the governor said.

Lottery Superintendent Michael J. Jones said LOTTO sales more than doubled in the first nine months of FY 85 compared to the same period last year, reaching \$423 million. Instant game sales increased 21 percent to \$174.6 million, and Pick-4

sales rose 43 percent to \$52.3 million. Daily Game sales decreased less than 2 percent to \$265 million.

Jones said that lottery players have collected \$439.5 million in prizes so far this fiscal year, a 44 percent increase over the same period last year and lottery agents have earned sales commissions of \$45.7 million, up 25 percent. On March 31, the lottery had a total of 8,768 agents, an increase of 27 percent over the 1984 number.

The lottery's sales of \$299.9 million in the third quarter of FY 85 were the largest in any third quarter since the Lottery began operations in 1974 and were up 17 percent over the FY 84 third quarter figure.

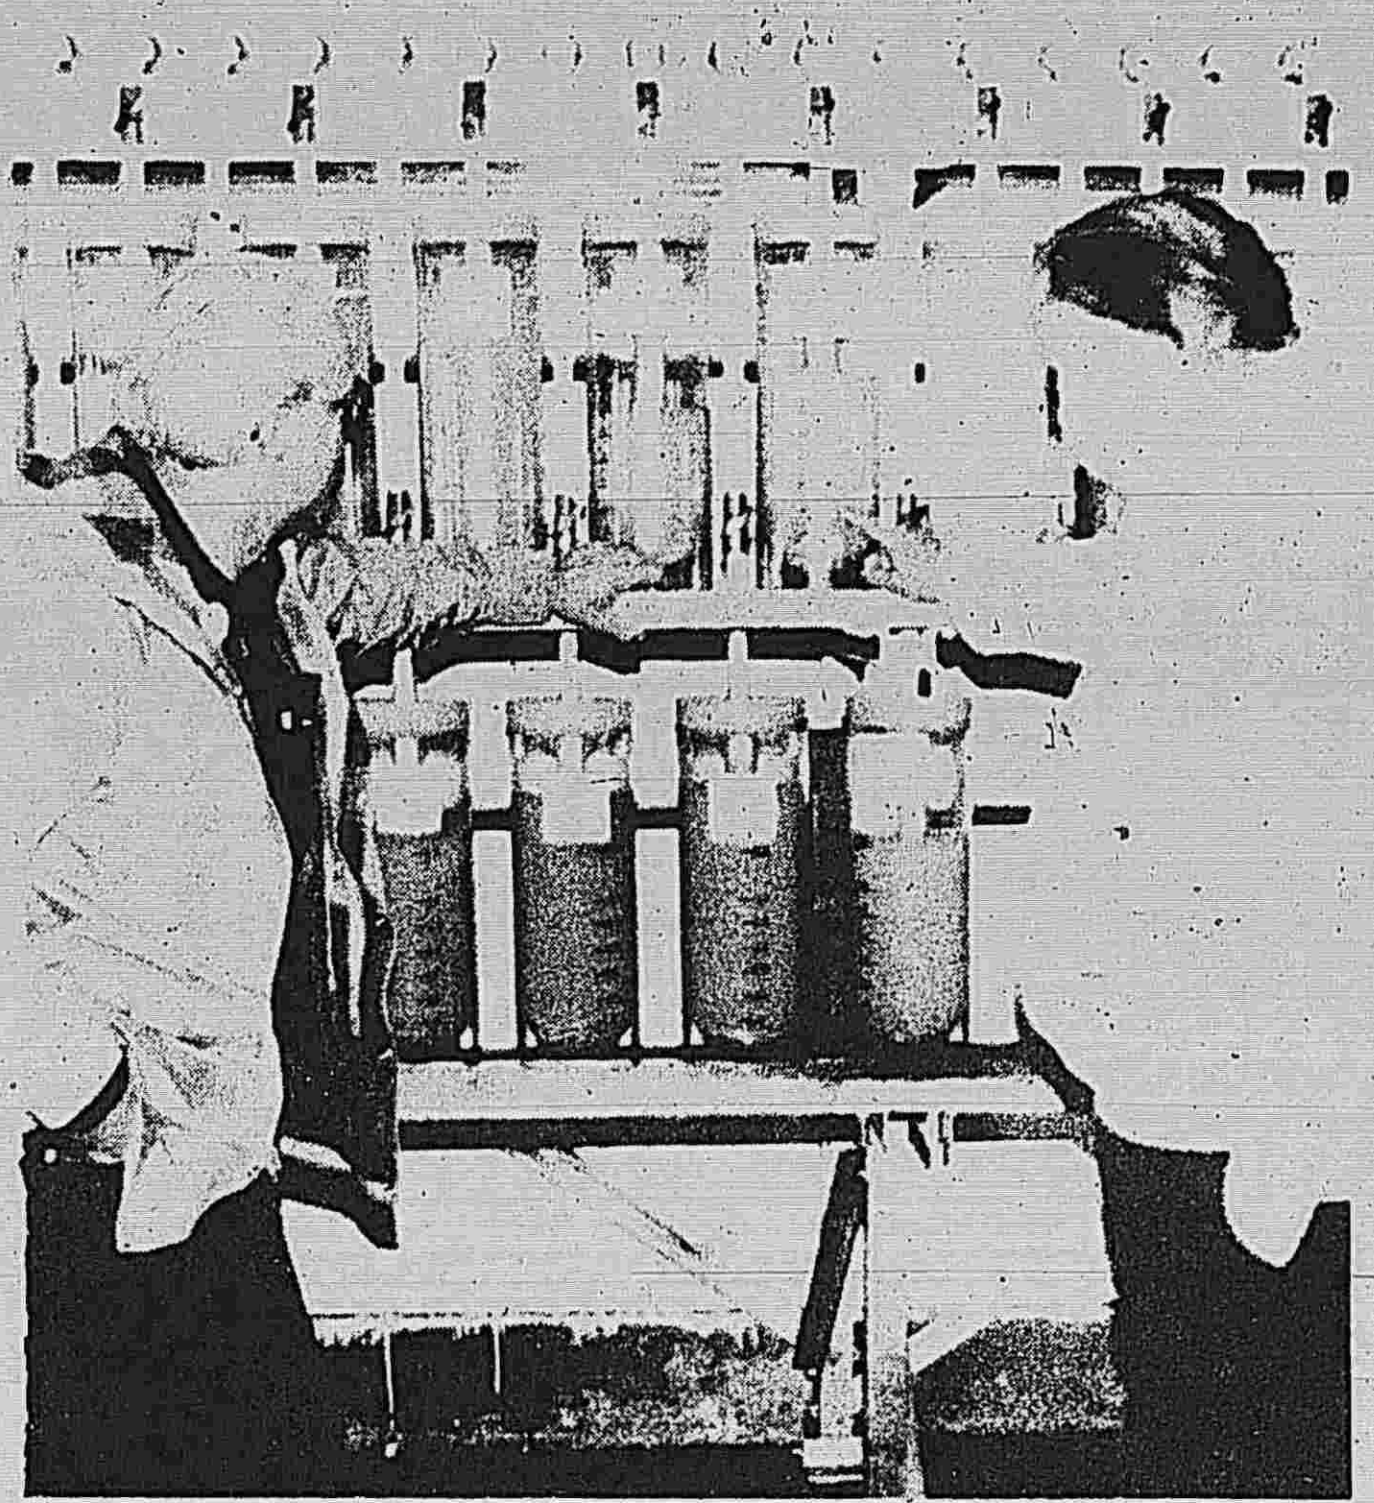

Jones said that the growth of the LOTTO game—up 39 percent in sales in the FY 85 third quarter over the same period last year—indicates that the base of the game's players continues to grow. Jones noted that this significant increase occurred in a quarter in which there was only one rollover, which occurs when there is no winner and prize money is "rolled over" to the next week, and in which no

weekly single-winner prize rose above \$12 million.

Sales of the Pick-4 game were up 46 percent in the third quarter of FY 85, reaching \$18.9 million. Much of the increase, Jones said, can be attributed to the increase in the number of weekly Pick-4 drawings. In the FY 84 third quarter, there were two Pick-4 drawings each week, while in most of this year's third quarter there were six drawings a week. Currently, winning numbers in Pick-4 are drawn daily.

Instant game sales in the third quarter of FY 85 rose 12 percent above the year before. Sales reached \$55.9 million this year, compared to \$49.8 million last year.

Jones said that since the lottery began nearly 11 years ago, its total revenues, including interest and licensing fees, have reached almost \$3.6 billion. Over that decade, the lottery has contributed almost \$1.5 billion to the General Revenue Fund, the State's main bank account. More than 75 percent of both the Lottery's 11 year sales and profits have been generated within the last four years, Jones said.

Weber in isolation

Pete Weber, Antioch, underwent a liver transplant April 15, 11:30 p.m. at the Mayo Clinic in Rochester, Minn.

Weber only recently became aware of the cancer which took him away from his college graduation in Champaign, Ill. A senior at the University of Illinois, Weber is a life-long Antioch resident. He attended Emmons Grade School and graduated from Antioch Community High School in 1981.

According to relatives everything went well with the operation. He will stay in isolation for the next two weeks. The Mayo Clinic can give him the most advanced

medical technology and care in the world.

An outstanding student and member of the National Honor Society, he was voted by his classmates as "most likely to succeed." He was also active in Antioch High School sports, including football and four years of baseball and basketball. He was a member of the 1981 Senior Varsity Basketball Squad that competed in Springfield for the state title.

In answer to many offers of assistance, a fund has been established in his name. Cards, notes and donations may be sent or dropped off at the State Bank of Antioch-Peter Weber Fund, 440 Lake St., Antioch, Ill. 60002.

"Bowl for kids" held

Lake County Dept. of Court Services personnel recently participated in a "Bowl for Kid's Sake" fundraiser to benefit the Big Brothers and Big Sisters of Lake County. Participants recruited sponsors who pledged money based on the bowling scores of the Court Services employees. Over \$1,300 was raised and presented to the Big Brothers and Big Sisters organization.

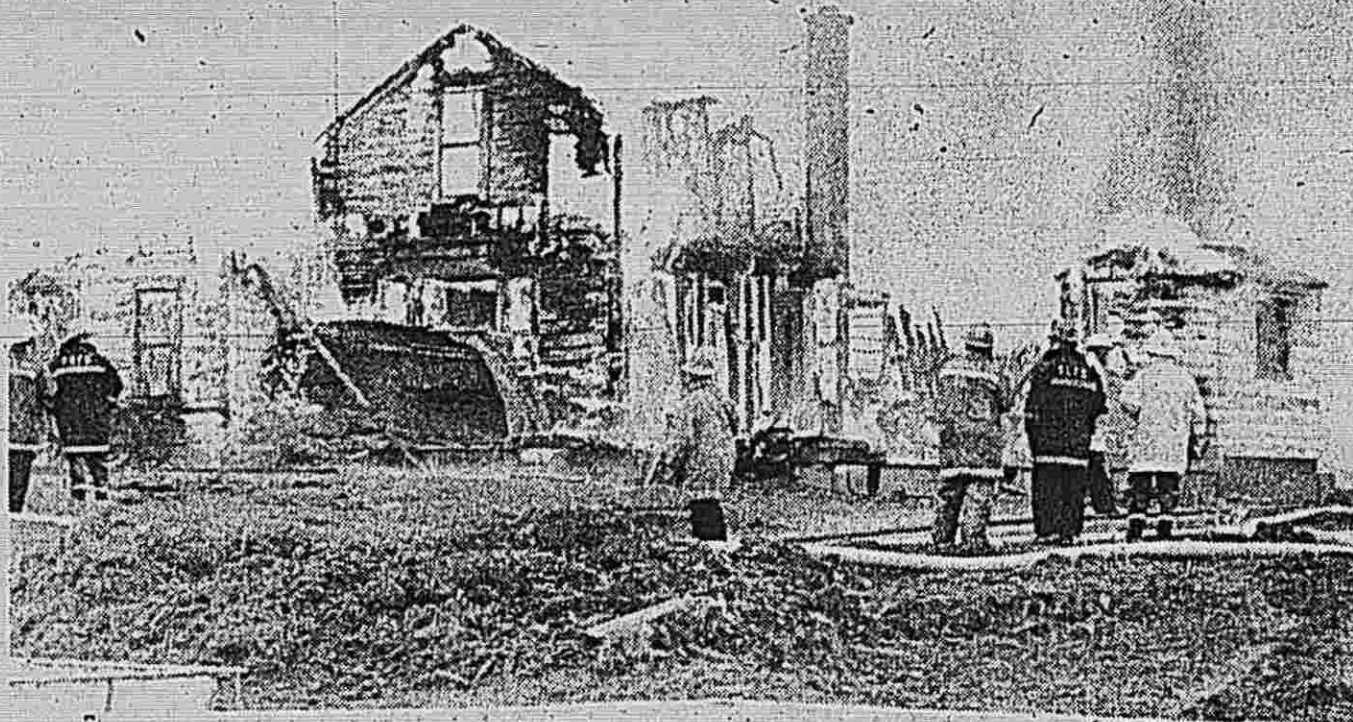

The money will be used in Lake County to assist agencies in finding a Big Brother or Big Sister for each child who needs one. Through the

Big Brother/Big Sister organization, who have been in existence for over 80 years, children from single parent families spend time each week with a trained and committed Big Brother or Big Sister. These relationships can mean the difference between happy productive children or youngsters whose confused feelings result in trouble at home and in the community.

The average cost of a Big Brother/Big Sister match is under \$600 a year in comparison to the average of \$3,000 for each child who enters the criminal justice

system and from \$18,000 to \$65,000 a year for institutionalization. There are approximately 100,000 children on waiting lists to be assigned a Big Brother or Big Sister in the United States at this time.

Lake County Court Services employees participating in the fundraiser were: Bob Cesar, Paula Eck, Sharon Lawrence, Rudy Martin, Mary Figeas, Anthony Quinn, Sue Korpai, Steve Johnson, Rita Fullwood-Hilson, Louise Loud, Jackie Neises, Dan Reese, Joe Kelroy, Cheryl Bjorklund and Judy Kerby.

Distribute Money For Arts

Ill. Attorney General Neil F. Hartigan began distributing \$113,704.35 in awards for visual arts programs to these area schools.

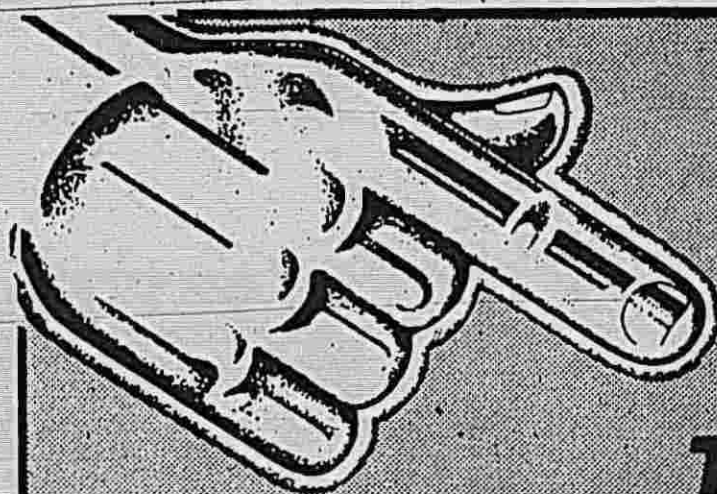

The money, in a special antitrust account in Hartigan's office, represents Illinois' share of a Federal

Trade Commission settlement of an antitrust case brought by the FTC against various manufacturers and suppliers of art materials. Defendants had sold art supplies to the schools.

To disburse these funds, Attorney General Hartigan established the grant

program which was approved by the FTC.

Hartigan said schools receiving the Illinois awards were chosen by the State Board of Education which reviewed the schools' applications. All awards are \$1,000 or less.

Steinke On Politics 'All In Family' Drive Scores Ballot Success

by JOHN STEINKE

Twenty-seven year-old Mark Ring pulled off an unprecedented upset for Antioch Twp. highway commissioner in a three-way race this spring.

Ring polled 1,565 votes. Challenger Ring's victory represented a sharp repudiation of Supervisor Jim Field's organization that has politely but firmly controlled Antioch Township politics for years.

Mark Ring has worked for the township road department for eight years. His late father, Blaine, had served as highway commissioner for 16 years. Following Blaine Ring's death, the Fields administration appointed Twp. Trustee Dave Heath to the road commissionership in 1981 to fill out the unexpired term.

Fields and Heath are close political allies. The Heath family has been active in civic and community affairs. The Blaine Ring family was deeply offended when Supervisor Fields and the twp. trustees failed to appoint Mark to succeed his late father. The Rings were determined that Mark would challenge Heath in the 1985 twp. election. The die was cast.

Why did Mark Ring score an upset win over incumbent Dave Heath in the highway commissioner's contest? First, my late grandfather, John F. Mueller, once said, "We are born naked, and the only thing we're buried with is our reputation." Mark Ring benefited from a respected family tradition. He stated, "I feel there is nothing wrong with a son wanting to follow his father's legacy. He was a very good teacher and I was an attentive student. What son doesn't want to please his father?"

Second, the entire Ring family waged an aggressive door-to-door campaign throughout Antioch Twp. The "All in the Family" effort reached more than 1,000 households. The Rings conducted the best grassroots campaign in Antioch Twp. political history.

Third, the Antioch Twp. highway dept. has one commissioner and five employees. None of the employees supported Heath's candidacy. Two of them ran against Heath in the election: Mark Ring and Earl Quirk. The rest of the department openly endorsed

Ring's election. Heath's lack of support among his subordinates hurt his campaign.

Fourth, Supervisor Fields' political organization was afflicted with overconfidence. One top Fields aide predicted that Heath would win the election with 950 votes. He said that Ring would receive 650 ballots compared to Quirk's 350. Thus, the Rings were obsessed while the Fields-Heath faction was apathetic toward the election campaign.

In the election, Mark Ring captured 10 out of 14 precincts. He defeated Heath by 418 votes. Ring came out ahead in the Village of Antioch. He carried five out of the village's eight precincts. Ring won Antioch by 78 votes. The Antioch vote was:

Ring	49.3 percent
Heath	44.8 percent
Quirk	5.9 percent

859
781
103

Mark Ring's startling victory reaffirms that ancient election premise: "The only certain thing about politics is its uncertainty." Second, the Ring family campaign also confirms the validity of the late Sen. Estes Kefauver's observation: "You shake 500 hands a day, and you will never lose an election." Or, press the flesh and ye shall win. Amen.

To Speak To Women

U.S. Rep. Lynn Martin is the keynote speaker at McHenry County College's (MCC) eighth annual Women's Information Day, to be held at the College on Saturday, April 27.

Martin represents Illinois 16th Congressional Dist. in Congress. She serves on the budget committee and the public works and transportation committee, as well as being a member of a variety of task forces and caucuses.

She was elected to the House in 1980, replacing John B. Anderson.

Along the way with ANNIE MAE

Don't forget the Mental Health Cotillion April 27. Did all of you gals do any shopping for it at the Emmons Fashion Show? Wasn't that a nice event? Also on the same night was the Jaycees Las Vegas Night which is a good time as usual.

Babies, Babies, Babies, I think there must be something in the air! On April 14, Steve and Jody Loblillo, of the CAR Store, brought home to Steven and Erika a baby brother Tyler James. (Could this be after Grandpa Fields?) Bob and Debbie Deimer brought home to brothers Christopher and Timmy, baby sister Gina Maria. Village Clerk Marilyn Sterbenz is a Grandma again, with Ken and Lacy Sterbenz bringing home sister Samantha to brother Connor.

This big boom has brought about a new organization. Maybe you have seen Leader of the Pack Donna Mae Anderson and her followers about town. The organization meets every Monday if the sun is shining and the weather is nice. Boy do they have criteria for the agenda! In order to be a member you must be a Grandmother. I've heard Grandma Joan Toft is joining the group with Gran-

daughter Heidi. Watch for them and you can see all of these new babies in town, strollin' down the streets.

And...Good News! The Good News Bears are coming to town. I hear there are a lot of guys about town practicing 'Basketball' at night. You must come and see them against the Chicago Bears May third in their debut with the...Chicago Bears??? That has to be one heck of a game. Can you imagine Laddie Korecek trying to take Walter Payton's ball? It will be worth going to see!!

Make sure to put PM&L on your schedule. Light Up The Sky is another one of their fine performances. Be sure to catch the last week.

NICC had a lovely dinner at the Country House Thursday Night. Very nice tributes were given to many great people, but the ones that stood out were Jean Rockow, Will Gers and Bob Lindquist. You can tell what a good organization it is with that line-up.

Everyone must get out and enjoy this lovely weather!! Doesn't it just put a smile on your face. Let's hope we can keep smilin'!!

Geo-Karis co-sponsors

Legislation giving the Illinois Dept. of Nuclear Safety the authority to adopt rules for transporting radiation sources has been co-sponsored in the General Assembly by Senator Adeline Geo-Karis, R-31, along with Senator Virginia MacDonald, R-27.

"At the present time, this department does not have the ability to adopt all the rules on a state-wide basis, that would bring it into agreement with Federal Regulatory Com-

mission rules," said Senator Geo-Karis. "This bill would make Illinois an agreement state with the federal commission, especially in the area of transportation."

"Recently, there was a problem with a company shipping low-level radioactive materials to O'Hare Airport in taxicabs. Not only would this bill allow the Illinois Dept. of Nuclear Safety to adopt rules in this area, it would also give the department the right to enforce any rules," continued Geo-Karis.
